

CITROEN E-DISPATCH VAN

Why choose the Citroen E-Dispatch Van?

The Citroën ë-Dispatch 100% electric is an exemplary choice for addressing the urban and peri-urban mobility needs of today's professionals. Designed to offer both efficiency and performance, it provides an impressive driving range of 339 km on the WLTP cycle. The vehicle supports rapid charging, allowing it to reach 80% battery capacity in just 48 minutes using a 100kW DC charger. This ensures minimal downtime and greater convenience for busy professionals.

The motor operates with exceptional quietness, and the absence of traditional gear shifting contributes to a seamless and serene driving experience. The ë-Dispatch also boasts a top speed of 132 km/h, meeting the demands of various driving conditions.

In addition to its performance capabilities, the ë-Dispatch is equipped with advanced features designed to streamline daily electric driving. This includes remote charging programming and trip planning services, ensuring that the vehicle integrates seamlessly into a modern, electric lifestyle. Overall, the Citroën ë-Dispatch 100% electric stands out as a sophisticated and practical solution for the evolving needs of professional drivers.
