OPEL VIVARO-E

Why Choose the Vivaro-E Van?

The new Opel Vivaro-e is designed with an impressive and rugged character, making it an ideal choice for both urban environments and beyond. As one of the most efficient and versatile vans in its class, it now comes fully electric, offering emission-free driving with a range of up to 330 km (WLTP) on a single charge. This innovative van also boasts enhanced business features to meet the demands of modern commercial needs.

The Vivaro-e marks Opel's debut into the all-electric Light Commercial Vehicle market and has quickly established itself as a leader by being one of the first to secure the esteemed International Van of the Year award. This accolade highlights its outstanding performance and suitability for a wide range of business applications.

Now is the perfect time for you to leverage the success of this exceptional German engineering marvel. Opel has set the standard with the Vivaro-e, and we're confident that you can achieve similar success by integrating this advanced tool into your operations. We've made a commitment to delivering excellence; the next step is yours.
